

Mechanical Contractors Association Student Chapter

Join a student organization backed by national and local industry leaders. The Kansas State University, the Mechanical Contractors Association of Kansas City (MCAKC), and their national partners work together to provide real opportunities, resources, and connections that help you build your career in construction.

Real Industry Experience. Real Local Connections.

From internships and scholarships to mentorship and hands-on training, student members gain access to everything you need to step confidently into the construction industry.

Experience the Real Work

- ✓ All-Expenses-Paid Travel Opportunities
- ✓ Real-World Student Competition
- ✓ Résumé-Building Experiences

Get More Job Offers

- ✓ Direct Connections to High-Pay Jobs
- ✓ National Job Board Access
- ✓ Local Mentorship & Support

Explore the Industry

- ✓ \$100,000+ Available Scholarships
- ✓ Travel to Additional Specialty Conferences
- ✓ National Conference Experience

You don't have to take our word for it—hear from a former student chapter member about why he chose to join the student chapter and then a career in mechanical contracting and how the experience helped shape his path. →
